FAQ 2: How classes are conducted during the pandemic?

The health and safety of our students is our priority, so CIIT launched MOVE or Modern Virtual Education last August to offer our students quality education even at the comfort of their own homes. There are 5 key features of this program that makes it a unique online class experience:

MOVE
MODERN VIRTUAL EDUCATION

Access to Cloud Technologies

Students are given unlimited access to important tools and software applications (such as Adobe CC, ToonBoom, Unity, etc) from the first day of classes until the end of your term.

Availability of Internet & PCs

Students are privileged to rent at a low cost the school's computer units and other equipment needed for class.

Reduced School Fees

There is a significant reduction in school fees making it affordable for students especially to those financially disadvantaged during this pandemic.

Coaching & Mentoring Sessions

Students are given the opportunity to have one-on-one coaching sessions and mentoring with Instructors who are veterans in the industry.

Manageable Study Load

CIIT offered synchronous and asnychronous sessions where students can experience a manageable study load to help them balance their time at home and school.
